***PROGRAMME***

## INTRODUCTION

The Dipartimento di Biologia delle Piante Agrarie (University of Pisa) and Sant'Anna School (Pisa) organize an International Workshop on "Greenhouse Crops, in between Science and Technology" to be held on 19 September 2008 at the Faculty of Agricultural Sciences, Pisa.

The Workshop is meant to celebrate the forthcoming retirement of Prof. Franco Tognoni, who has been teaching "Greenhouse Crops" at the University of Pisa for nearly 30 years.

The participation to the workshop is free of charge; however, the participants are pleased to send the *registration form* before 15 August 2008.
